

ASPHER's Young Professionals Programme (YPP) is looking for new members to join for the 2023-2024 Cohort!

Who Anyone who self-identifies as a public health young/early career professional (YP) and is in some way affiliated with an [ASPHER Member School](#) is invited to apply. We currently have a group of 15 YPs from all over the world with a variety of public health backgrounds.

What The goal of the YPP programme is to incorporate public health students and professionals early in their career with the ASPHER network. The programme does this by:

- Building a network within the YPs that is maintained through monthly meetings and provides a medium for advice, feedback, and future collaboration
- Incorporating YPs into ASPHER research collaborations to provide opportunities to gain relevant experience

There is a great level of flexibility on how YPs are involved. In the past years, YPs have been involved in over 20 projects ranging from full-length research collaborations to commentary articles, covering topics from contact tracing technology to vaccine nationalism.

YPs are expected to engage in monthly YPP meetings and actively participate in ASPHER research projects for a minimum of one year. By applying, you agree to commit to this.

Where All meetings are virtual, so you can join from anywhere!

When The YPP itself meets monthly, with occasional additional social events. Various projects and ASPHER groups will meet additional times beyond this commitment.

Why The YPP is a great opportunity to join a supportive community of other young public health professionals, and provides the potential to join research collaborations with researchers from around the world.

How Applications are open October 6th – November 3rd (11:59pm CEST), 2023. Applicants will be contacted in early December. If accepted, an intake session will take place in January 2024.

Please answer the application questions and upload a one-page resume at this [form](#). We look forward to hearing from you!

If you have any questions, please do not hesitate to contact our YPP recruitment officer Luis Beltran at lgbg500@york.ac.uk.
