

# Andrija Stampar Summer Educational & Tutoring School (ASSETS)

## WELCOME

We are delighted with this year's ASSETS programme as it focusses on strengthening the public health professional community.

The ASSETS aims to create changemakers in public health practice, empowered to be the voice of public health in Europe.

Want to become a gamechanger in public health practice and academia? Nourish your potential to become a leader for public health in Europe!

**Mentoring from icons** in the field of public health, peer-to-peer **learning, networking** and **knowledge exchange** with ambitious colleagues

Problem based workshops focusing on **real life public health challenges** in the field of public health operations, health systems and policies, public health law, methods and more...

**Strengthen** your professional **identity, skills** and **confidence** together with ambitious colleagues!

**Strengthening the public health workforce is probably the biggest public health challenge of the next decade**
