

EC meeting (internal & external members)

20-21.9.2022, Krakow

Participants:

KD, ND, RO, LL, PB, OM

Online: WR, JH

Presenting all WPs progress, including challenges and achievements according to timeline.

Comments from internal and external evaluators. Main points:

1. Integration between WPs crucial
2. Praising quick publications of results, important to continue with all WPs
3. Important in the context of post COVID, including implementation in other European countries
4. The role of Israel ministry of health is crucial, should be more engaged, including with WP4 (online platform)
5. WP2, WP3, WP5 products were presented to the external evaluators
6. External evaluators express their satisfactions from high quality products, the collaboration among all Israeli schools of public health, not trivial
