

## Best practice teaching seminars

You are cordially invited to participate in a set of free online seminars on best academic teaching practices developed at the partners' universities participating in the project 'Public health education and pandemic challenges'.

The project is financed by the Polish National Agency for Academic Exchange (NAWA) and is led by the Medical University of Gdańsk in cooperation with: **Maastricht University, EHESP School of Public Health, Andrija Stampar School of Public Health, Institute of Public Health (ISPUP) of University of Porto and Jagiellonian University Institute of Public Health.**

**The project is substantially supported by ASPHER.**

During the seminars, the project Partners will present and share examples of the best teaching practices they had developed and mastered during their daily work with students. The seminars will be conducted in an interactive format. Discussions and Q&A sessions are planned for all participants. The targeted audience are university teachers and everyone interested in the topics discussed during the meetings.

The schedule of the seminars is as following:

**25 October 2023** seminar hosted by Andrija Stampar School of Public Health, CROATIA

**30 October 2023** seminar hosted by Maastricht University, NETHERLANDS

**15 November 2023** seminar hosted by EHESP School of Public Health, FRANCE

**21 November 2023** seminar hosted by Jagiellonian University Institute of Public Health, POLAND
