

ASPHER Deans' & Directors' Retreat 2024

Porto, Portugal
06-08 June

Organization

Instituto de Saúde Pública da Universidade do Porto (ISPUP) is a large research, education and training institution built around both local and global views of public health challenges.

Over almost two decades, ISPUP has consolidated a unique identity, recognizable in its choices, strengths and expectations. It has fostered a stimulating work environment for the researchers who live it daily, an attractive option for international public health investigators and students, and a reliable source of scientific knowledge for the community that follows and values its work.

Program

ISPUP is proud to host the **2024 ASPHER Deans' and Directors' Retreat**, taking place in Porto, Portugal.

The programme will provide opportunities for Deans and Directors of ASPHER-member Schools and Institutes of Public Health to share their expertise and experience through workshops, scientific presentations, poster sessions, discussion forums, social events and informal networking.

About Porto

Located along the Douro River in northern Portugal, Porto is a multicultural city with large green spaces and sports facilities. The city has a revitalised public transportation network and a vibrant cultural environment.

Classified by UNESCO as a World Heritage Site, Porto also stands out for its unique gastronomy and hospitality of its people.

Porto's 1899 Bubonic Plague Tour

In 1899, Porto was the first city in Europe to be hit by the third wave of the bubonic plague, enduring a sanitary siege imposed militarily by the national government for four months. Around the city, we will visit some historical places where the plague left its marks.
