MAY 26-29

2nd Announcement & Call for Abstracts

The ASPHER 2019 Deans' and Directors' Retreat will be hosted by the **Board of Directors of the Italian Postgraduate Schools of Hygiene and Public Health** in Erice, Sicily. Participants will have the opportunity to experience the unique atmosphere of a medieval hill town with ancient origins, close to the port city of Trapani on Sicily's western coast. The historic Old Town is surrounded by defensive walls, crowned by a castle, and dominates from approximately 800 metres above sea level. The **Ettore Majorana Foundation and Centre for Scientific Culture in Erice** has a long-lasting tradition of residential courses in various disciplines including statistics, epidemiology and public health; its meeting facilities and dormitories complex (4 ancient monasteries) will guarantee an unforgettable time for everyone attending.
