CLIMATE AND HEALTH IN EUROPE

Third meeting of the thematic network led by the Association of Schools of Public Health in the European Region (ASPHER)

Friday 11 March 2022, 15.00 – 16.15 CET, Brussels time

Dear colleague,

Since receiving your input for key themes and messages, we have been working towards a draft joint statement conveying a one-voice view on climate action through education and training of public health professionals.

During the third webinar of this thematic network, the floor will be open to your comments on the draft statement. This draft will be shared on the EU Health Policy Platform a few days in advance of the meeting. To showcase concrete examples, invited speakers will speak about how their organisation is contributing to climate action.

(*) To access the Thematic Network led by ASPHER, please [register](#) first in the EU Health Policy Platform. All supporting documents, such as slides from the last meeting, are uploaded on that network.

Register now to this webinar following this [link](#). Once registered, you will receive an automatic email from Webex including the link and ID to join the webinar on Friday 11 March at 15.00 CET.

May you have any question, contact us sante-hpp@ec.europa.eu

We are looking forward to welcoming you online.
