**PITCH WEBINAR BY
THE 2021 THEMATIC NETWORK SEMI-FINALISTS**

Wednesday 7 July 2021, 11.00 – 12.00 CEST, Brussels time

Dear colleague,

You are invited to meet the 2021 Thematic Network semi-finalists, hear their five-minute presentations, and ask them your questions at this webinar.

Thematic Networks are temporary networks of stakeholder organisations created in the EU Health Policy Platform (<https://webgate.ec.europa.eu/hpf/>). Their purpose is to prepare stakeholder-led and –owned Joint Statements on important EU health issues, summarising the common position of the co-signing organisations.

Five proposals were selected after the initial evaluation, and they will be presented at this webinar. The relative organisations will try to persuade you - in just five minutes! - of the value of their proposals and try to earn your vote. It promises to be an exciting and fast-paced event, as well as an informative one!

The proposals are already up for vote in the EU Health Policy Platform. The three proposals with the most votes in three different health policy areas will top the poll and may go on to become the Thematic Networks of 2021. Register now in the EU Health Policy Platform to vote for them! If you are not sure who to vote for, the webinar is exactly the right place to find out!

Register now to the webinar:
