#### Short Profile / Summary

Professor Mirjana Kujundžić Tiljak is a medical doctor, specialist of social medicine and organization of health care, professor of biostatistics, head of Department of Medical Statistics, Epidemiology, and Medical informatics at the School of Medicine, University of Zagreb, and director of Andrija Štampar School of Public Health, School of Medicine, University of Zagreb.

She teaches undergraduate and postgraduate students in medical data analysis and participates in scientific research in medicine and public health. She has published over 120 scientific and professional papers, including chapters in professional books. Her scientific and professional field is public health and health care, especially biostatistics and data analysis in medical research.

She participated in many scientific projects, in which the project leadership within the Horizon 2020 Innovation for Better Aging program - BFHA 2020 should be emphasized. In addition, she actively participated in the organization of several scientific conferences as a member/president of organizational or scientific committees, of which the most important are the conference Age and Longevity in 21st Century - Science, Politics, and Ethics (organized by the Global Bioethics Initiative and the School of Public Health "Andrija Štampar" Medical Faculty of the University of Zagreb, held in New York in 2018) and the conference Better Future of Healthy Aging 2020 (held in Zagreb in 2020 as part of the Croatian Presidency of the Council of the European Union, organized by the Medical Faculty of the University of Zagreb).

She participated as a lecturer and tutor at Andrija Štampar Summer Educational & Tutoring School (ASSETS) organized by ASPHER-a in Bruxelles in 2019 and ASSETS online held in 2020.

She is the Biomedical Council president and a member of the Senate of the University of Zagreb, and a member of the Committee for the fields of basic medical sciences, clinical medical sciences, public health and health care, dentistry, and pharmacy of the National Council of Science of the Republic of Croatia.
